

Sustainability Accounting and Accountability (Hardback)

By -

Taylor Francis Ltd, United Kingdom, 2014. Hardback. Book Condition: New. 2nd Revised edition. 253 x 182 mm. Language: English . Brand New Book. The management and balancing of social, environmental and economic sustainability is one of the most complex and urgent challenges facing both private and public sector organizations today; with these challenges of sustainability posing many risks to, and many opportunities for, advancing the aims and performance of organizations. Accounting and accountability processes and practices provide key tools to help organizations to more effectively identify and manage the risks and opportunities of sustainability. Popular features from the first edition are retained, whilst recent developments in theory and practice are accounted for. New substantive chapters on water resource accounting, carbon accounting, and decision making have been introduced and the book continues to benefit from a host of expert contributors from around the world, including Jesse Dillard, Rob Gray, Craig Deegan. This comprehensive and authoritative textbook will continue to be a key resource for students of accounting and sustainability, as well as being a vital tool for researchers.
