

Disorganized Children: A Workbook for Professionals

Filesize: 2.69 MB

Reviews

The book is fantastic and great. It is definitely basic but shocks in the 50 percent in the pdf. Its been printed in an remarkably basic way and it is just soon after i finished reading this publication in which really changed me, change the way i believe.

(Dr. Lukas Hills DDS)

DISORGANIZED CHILDREN: A WORKBOOK FOR PROFESSIONALS

Umfundisi Publications, United Kingdom, 2009. Paperback. Book Condition: New. 294 x 204 mm. Language: English . Brand New Book ***** Print on Demand *****.This workbook has been developed following a wide variety of conference and other academic presentations on children with subtle neuro-developmental processing problems. After these lectures and seminars, numerous professionals from psychiatry, psychology, nursing and teaching have approached us with regard to the diagrams used, wanting access to them for both educational purposes and within clinical sessions. Although happy to share our teaching and training resources, the diagrams cannot be used as a stand-alone resource. It therefore seemed most sensible to publish them as an adjunct to the Disorganized Children manuscript published by Jessica Kingsley Publishers. This combined approach will hopefully allow professionals to utilise the information available in a creative and personalised manner when working with similar patients with positive results.
