Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.The story is set in a bizarre cross of cyber-punk and magic with rather gruesome and Wonderland-of-Alice-Adventures mad world; it starts with Aurelius mourning loss of his beloved THD and reflecting on everything that happened to him in his life quest. By the end of the story not only details of their love affair but also what made her so special and details of her sophisticated essence is revealed. As the resulting outcome of his conflict with priests of the Model, its effects on the world and Aurelian resulting resolution. As well as conflict between the between followers or Redemptius and Bicornorius that, while settles, leads only to further beaconing conflict with even more contestants. More and more details of the world is also revealed and many of them perhaps have much more to tell that what is on the surface. This book, despite its compactness, is events, ideas and cliff-hangers rich. It is set in quite grotesque fantasy world and blends small philosophical titbits with two narratives: One about Aurelius who, while on his quest for happiness, experienced rather unsuccessful love and fought against priests of the Model and their brainwashing to save people of their oppression; and the other is a battle between followers or Redemptius and Bicornorius for supremacy in the Mater and its realms. It is rather unconventional and would probably repeal an average reader, but if you are wiser that the average and tired of endless average-same-things, then this book is for you. WARNING!!! Volatile magic was used during the creation of this book. Its content is extremely precarious heavy read and causes feeble minds to melt, while turning less meagre ones perplexed....
