Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Fourth grades need real world experience in mathematical skills to find success with the Common Core math standards. Because fractions are a standard at this level, parents can help make connections through food preparation; recipe preparation involves fractions, and the stacking of measuring cups show the relationship in size. In addition, geometrical shapes and angles become tangible with visual connections. Creating yard shapes with yarn and walking the distance, establishes an image of the geometric shape in the young mind. Practical use for the skills in everyday activities gives the core relevance; thus, making the learning experience successful and enjoyable.
