## PURINE AND PYRIMIDINE METABOLISM IN MAN V

To download **Purine and Pyrimidine Metabolism in Man V** eBook, remember to follow the web link below and download the file or gain access to other information which are have conjunction with PURINE AND PYRIMIDINE METABOLISM IN MAN V ebook.

Book Condition: New. Publisher/Verlag: Springer, Berlin | Part B: Basic Science Aspects | The Fifth International Symposium on Human Purine and Pyrimidine Metabolism was held in San Diego, California (U. S. A. ) in July and August of 1985. Previous meetings in this series were held in Tel Aviv (Israel), Baden (Austria), Madrid (Spain) and Maastricht (The Netherlands). The proceedings of each of these meetings were published by Plenum. The next meeting will be in Japan. This Symposium differed from those that went before in that it permitted us to honor Dr. J. E. Seegmiller, Professor of Medicine at the University of California San Diego, for his many contributions to our understanding of purine metabolism in man. This publication is dedicated as a Festschrift to Jay. Dr. Richard W. E. Watts delivered the keynote address outlining in scholarly fashion the history of Dr. Seegmiller's accomplishments in research on purine metabolism and the great number of currently active scientists in this field who have worked with him. This address is published as the first contribution to Volume I. Dr. Dewitt Stetten, Jr. , was scheduled to be the speaker at our banquet. Unfortunately, he could not be with us. Dr. Seegmiller has written an appreciation of Dr. Stetten and his contributions to our field, and this has been published following Dr. Watts's paper. The growth of knowledge in purine and pyrimidine metabolism continues to be exponential. The variety of subjects included in these volumes is impressive. | Adenosine Receptors.- Adenosine Receptors on Human T Lymphocytes and Human Thymocytes.- Adenosine Receptors on Human Lymphocytes.- Inhibition of Mast Cell Mediator Release by 5-Amino-4- Imidazolecarboxamide Riboside.- Purine Metabolism by Guinea Pig Ileum.- Suppression by Methylthioadenosine of Histamine or Leukotriene-Induced Contraction in Isolated Guinea Pig Tracheal Rings.- Adenosine Receptors on Human...
