Brand New Book ***** Print on Demand *****.It was September 11 of 1814, during the forgotten War of 1812, and the future of American independence was on the line. The most powerful military force in the world, the British Royal Navy, had positioned a massive naval blockade all along the American Atlantic coast to the Gulf of Mexico, slowly strangling the infant U.S. economy. The invasion of Washington, D.C. by Lord Wellington's Invincibles the month before had resulted in the burning of the Capitol and White House, scattering Congress and the President to the wind. In the largest assembly of combatants during the entire war, the people and city of Baltimore were targeted by the British as a hated nest of pirates. At noon that Sunday, church bells sounded the alarm as 50 war ships of the British juggernaut appeared within sight of Fort McHenry! Against all odds, one American heroically led the defense that saved his beloved city. Five weeks later, upon hearing the news of the Battle of Baltimore in London, the British government finally relented and maneuvered to quickly negotiate an end to the war. Baltimore and America were saved as Sam Smith became a military hero for the second time in his illustrious life. The fruits of his efforts are recorded in our National Anthem, The Star Spangled Banner, and the results of his deeds are forever emblazoned on every American heart. This is the story that shows what can happen when freemen shall stand! Here is a tribute to the un-sung patriot and his life of leadership and service. Smith is a bold example of true American heroism and wisdom from one of the darkest days of our...
