

The Nature of Truth

By Harold H Joachim

Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.THE question What is truth? is one which every philosopher ought to face, although, unfortunately, since Pontius Pilate's rather ill-timed introduction of it, it has become unfashionable to ask it. Mr. Joachim has done very well in undertaking a serious and careful discussion of the nature of truth. The advocates of any system of philosophy are too apt to assume its fundamentals as indubitable, and devote themselves to the mere development of consequences. This course is attractive, both because it is easy, and because it seems to achieve more in the way of positive construction. But, so long as disagreement on fundamentals persists, the development of consequences must appear as in the main waste labour to those who do not accept the premisses. Mr. Joachim's book is valuable as an attempt to establish some of the fundamentals of the Hegelian philosophy; and, whether wholly successful or not, such an attempt is almost sure to be a help in defining the issues, and in suggesting ways of deciding them. The book discusses three different theories of the...
