TIME CHANCE: SATURN SON RLNY

Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.Enclosed is a rough draft of a work which I truly believe yields significant insight into the purpose of religion and life. I love it so much I tried to get it in your hand before Christmas. I Hope to turn your world on its head with the material enclosed, quite literally. The intention of the work is to prove through the use of religious and linguistic examples that the civilization, and the world around us was created with the purpose of surpassing a previous barrier of secret related to advanced technology. To this end, God has prepared a message that is woven not only into global religion, but also into our modern myths--television, movies and music--quite literally our culture itself. This is a message urging the goal of inclusion of the entire planet in the disclosure and governance of the technology at hand; it also places a significant amount of emphasis on the equality and liberty of all. Within, you will find examples of a secret language, one which combines modern ones in a fashion which at once proves the existence of time travel, the divine hand influencing our language, and thus the creation of civilization itself, and provides the guiding light to see us through this...
